- ▶ **Cleaning solution for outside protection material :
tarpaulins, covers, awnings, parasols..**

DESTINATION

ABBAClean Awning has been designed to clean outside materials such as tarpaulins, covers, awnings, parasols...

ABBAClean Awning is very easy to use and it has been specially designed for outside materials.

ABBAClean Awning allows to give a cleaner look thanks to its cleaning action.

ABBAClean Awning can be sprayed or brushed on, on a basis of 1 litre for 4 m².

PRESENTATION

ABBAClean Awning is a ready-to-use aqueous preparation.

Once applied onto material, **ABBAClean Awning** eliminate dirt and dust through its excellent detergent action.

HOW TO USE

- **ABBAClean Awning** can be sprayed or brushed on the surface to be treated, making sure the material is damp prior to the start of treatment.
- Leave the product on for 10 to 20 minutes.
- Then rinse out the surface with a brushing action in order to thoroughly eliminate the dirt and dust from the fibres.
- In the event of the high level of soiling, a second application may be necessary.
- In the case of projection on surfaces which are not destined to be treated, rinse out quickly with a sponge or a rag and water.
