

# ABBAskim

Ready-to-use product

▶ **Cleans surfaces - Eliminates grease and dirt**

## DESTINATION

**ABBAskim** is a ready-to-use product designed to eliminate dirt and grease found on most vertical and horizontal surfaces (grease, oils, hydrocarbon residues, ...)

**ABBAskim** is a very easy to use product which cleans up very dirty walls .

**ABBAskim** can be easily applied with a brush or a spray on a basis of 3 to 5 m<sup>2</sup> per litre .

## SCOPE OF USAGE

**ABBAskim** Can be applied on all walls and tiled floor materials in need of deep cleaning .

## PRESENTATION

**ABBAskim** is an aqueous product aiming to clean a variety of surfaces .

**ABBAskim** frees walls from encrusted dirt .

**ABBAskim** has a deep clean action with its strong detergent power . It's lifts off grease and dirt which are easily eliminated in the rinsing stage .

## HOW TO APPLY

**ABBAskim** can easily be applied with a spray, a brush or a roll .

**ABBAskim** must be applied onto dry or very slightly damp surfaces .

Immediately after the application, use a hard brush to work the product into the surface .

Leave **ABBAskim** for about 15 to 30 minutes . Rinse off with water and if necessary use a brushing action or a high pressure (or steam system) for a better result .

As soon as it is dry, this operation can then be followed by normal protection and cleaning maintenance process .

Avoid projection on the surfaces which are not meant for treatment and protect them during the application . In the case of accidental projection, wipe off the product immediately with a cloth or sponge and water .
