

# ABBA<sup>sol</sup>

## Waterproof Patios

Ready- to-use product

▶ **FOR THE PROTECTION OF POROUS SURFACES, INTERIOR  
AND EXTERIOR TILING**

### ▶ **DESTINATION**

**ABBA<sup>sol</sup> Waterproof** is a complementary product to the decontamination stage with **ABBA<sup>sol</sup>**.

**ABBA<sup>sol</sup> Waterproof** waterproofs interior and exterior tiling with porous surfaces .

**ABBA<sup>sol</sup> Waterproof** is very easy to use and it is an invisible product designed to protect tiling .

**ABBA<sup>sol</sup> Waterproof** can be sprayed or brushed onto the surface on a basis of 1 litre for approximately 3 to 5 m<sup>2</sup> .

### ▶ **SCOPE OF USAGE**

**ABBA<sup>sol</sup> Waterproof** can be use onto all porous tiling surfaces :

- Terracotta
- Paving stones
- Natural or tinted concrete
- Natural or processed stones
- It is obvious that tile which are naturally waterproof do not require this treatment .

## PRESENTATION

**ABBAzol Waterproof** is a product containing solvent and is without any side effects for the materials onto which it is applied .

**ABBAzol Waterproof** protects materials without modifying their aspect :

- No formation of film
- No consequences on the structure
- No alteration of the colour .

The treatment of **ABBAzol Waterproof** is completely invisible and the surfaces retain their original appearance .

**ABBAzol Waterproof** lets the materials breath without any formation of film .

**ABBAzol Waterproof** can be reapplied .

In the case of treatment against oils and grease, it is advised to use **ABBAzol Water-Oilproofing**

## HOW TO APPLY

**ABBAzol Waterproof** must always be applied onto clean and dry surfaces previously decontaminated with **ABBAzol**, with no risks of rain for at least half a day .

**ABBAzol Waterproof** can easily be applied with a spray or a brush in a single thorough application whithout any excess .

Avoid projection onto other surfaces which are not meant to be treated such as glass, plastic, metal, bitumen coating, etc ... These must be protected .

In the case of projection onto non-absorbent material, wipe off immediately with a tissue and white spirit .
