

ABBAstrong

Ready-to-use product

► Strong limestone stripper

► DESTINATION

ABBAstrong is a ready-to-use product containing a strong stripping power for surfaces which are encrusted with limestone deposit.

ABBAstrong is a strong product to eliminate stubborn limestone residues.

ABBAstrong is a scale remover product.

ABBAstrong can be applied with a spray or a brush on a basis of approximately 3 to 5 m² per litre depending on the surface and the level of limestone to be eliminated.

► PRESENTATION

ABBAstrong is an aqueous acidic product.

It is advised to use **ABBAstrong** to remove limestone deposits on surfaces.

ABBAstrong is a very strong detergent product which must be rinsed off with water after its action leaving time.

It is advised to be careful while applying **ABBAstrong** to protect the surrounding materials and vegetation.

► HOW TO APPLY

ABBAstrong can be applied with a spray, or a brush on a damp surface. Apply generously then use a brush on the surface.

Leave **ABBAstrong** on for 5 to 10 minutes.

Rinse off with a brush and water.

Should the level of limestone deposit be high, it may be necessary to repeat the operation.

Also, it may be necessary to remove the excess limestone mechanically before applying **ABBAstrong**.
